Outstanding Yearling Prospect Bull – Roy aka Royal of HWF - DOB 5/1/2019

Roy (officially Royal of HWF with ACHA registration in process) is a silver dun prospect bull sired by [Skye High Capone \(D\)](#) (2015 NWSS Res. Grand Champion yearling bull) and the dam of Celeste of HWF. Celeste carries the carefully selected genetics of [FinleyFalls Liam \(D\)](#) and [LSR Moonbeam](#). The traits of level top line, great legs and feet, with a deep blocky body are shown in Royal's confirmation. His calm demeanor is ready to move into your pasture and bring with him a genetic history rich in winning local, state and national shows, as well as providing outstanding breeding and beef stock associated with these bloodlines. Royal loves range cubes from your hand and getting brushed. He is taking to the halter well even though he was started on it just 2 weeks ago. Ear Tattoo: HWF16H -- ACHA Registration will be completed by auction time.
