WWW.LITTLEPLATTEFARM.COM

Welcome to the 2021 Heartland Kiko Production Sale

A team of eight Kiko seedstock producers have joined to offer quality, registered genetics. Stock is selected based on performance-based genetics, mothering ability, weight gain & parasite resistance. These are the best of the best. **WHY KIKO?** Ease of management, hardiness, parasite resistance & outstanding maternal instincts.

WATCH & BID ONLINE AT: Cowbuyer.com

Apply for bidding approval at least 24 hours prior to auction time.

PHONE BID available Call Angie Loos 217-430-9891 to set up prior to the day of the sale.

Transportation must be arranged prior to sale.

Call Wes, Sale manager for questions.

All goats must be out of barn by 4pm sale day.

Schedule of events

Friday July 2: Network & view stock Noon – 9pm.
Light snacks provided 5pm

Saturday July 3:

Educational Session Various Aspects of Production

8am – Dr. Richard Browning

9am – Dr. Maria Browning

11am- Auction Time

Support the local 4-H youth. Lunch will be available in the barn Saturday.

New Zealand (100% NZ): Kiko whose lineage can be traced back to the original imports.

Purebred (PB): Minimum of the 4th generation breed up program which results in a 15/16 Kiko and its progeny.

Crossbreds: Goats in a breed up program. 50% or 1/2 Kiko Cross, 75% or 3/4 Kiko Cross, 88% or 7/8 Kiko Cross. ***reminder 88% does bred to a PB or 100% NZ buck produce purebred offspring. ****

Sire Qualified (SQ)/Sire Verified (SV): The goat has been DNA tested & qualifies as an offspring of the stated sire.

Parent Qualified (PQ)/Parent Verified (PV): The goat has been DNA tested & qualifies as an offspring of the stated sire & dam.

American Kiko Goat Association®(AKGA)- Breed association & registry for the Kiko goat. kikogoats.com

National Kiko Registry (NKR)-A privately owned registry service for the Kiko goat operated by professional staff & management. nationalkikoregistry.com

Host Hotel: County Inn & Suites 2176 E 23rd St. Lawrence KS 66046 Call 1-785-727-1825 request room rate using Heartland Kiko Production Sale.

Camping at the Douglas County Fairgrounds: Contact Bobbi Krutz at 785-832-5296 or email request to mtdept@douglascountyks.org.

Reference Genetics

Red Ranch Goats

BWP SPECKLE'S ACE – Son of the great buck Mr. Speckles. Ace has sired the 2016 MD #8 overall, #2 ADG buck & had another son that year win the Carcass Buck Challenge, the 2018 WV #9 overall, and 2019 #2 ADG on pasture in the Langston Feed and Forage Test. There are few bucks in the Kiko industry that have consistently produce kids with the amount of growth like Ace can, while improving conformation and maintaining great parasite resistance as proven by his test kids, Ace is a well-rounded sire.

Mountain Top Farm

BWP BLUE SON SMOKEY – Smokey is a direct son of one of the most well know and accomplished Kiko bucks (ELH BLUE'S SON). His dam (BWP SPECKLES BUTTERCUP) was a great Speckles daughter that Wes chose as a donor quality doe. Smokey produces excellent replacement does with good depth. Talking with other seedstock producers who have Smokey daughters in production, they have excellent udders and have been very productive does. Smokey's flush mate sister produced the high selling doe at the 2021 BPI Sale.

B Bar W Kikos

TTP POWER SURGE – Power Surge is a young up and coming buck that produces fast growing kids with excellent parasite resistance. Power Surge is out of the hammer son TTP HAMMER'S MEGAWATT. Megawatt is quickly making a name for himself in the Kiko industry for producing quality offspring. The dam to Power Surge is a daughter of MRG TERMINATORS REZ over a MJI RC'S BLUE LEGACY doe so she is packing a lot of performance-based genetics in her.

B Bar W Kikos

PJM COPYRIGHT TOUGH – Direct son of SKY 213 BLUE’S COPYRIGHT. Tough is known for surviving the 2013 toughest MD buck test while gaining weight and maintaining a low FEC. In the very limited number of sons tested out of Tough he produced the 6th & 19th place FEC 17 EOSC, and the heaviest off weight buck and 11th place ADG 18 WV. Daughters of Tough have produced the 2017 & 2018 Low FEC Egg Count Grand Champion EOSC, and the 5th overall buck (4th ADG) WV 20. Tough has over 140 kids registered so no doubt he has a large and lasting impact on the industry.

Short’s Livestock

SIGX RIZZO - Sired by GIN V22 on top (BBM Dale, Southwest Cisco) and a GIN V4C dam on the bottom (TNT Cody). GIN V22 sired several does which produced notable test bucks in PJ Murphy’s program. TNT Cody also appears on the maternal side of several very well-known Kikos. As a result of all of the strong maternal genetics behind Rizzo he produces great daughters.

Short’s Livestock

SLS RED BARRON – Sired by COO IRON HORSE out of GHK SWEET SOPHIA. Iron Horse was a large buck, in his prime topping 300lb. His ability to produce excellent kids have made him one of the most popular bucks in the industry. Red Barron is no exception, topping the scales with a weight of 52.2lb at 90 days and a six-month-old weight of 96.6lb.

Short’s Livestock

SLS KATMANDU – Sired by GHK CHEROKEE FIDDLER and out of MEP BLACK’S BEAUTY. Cherokee Fiddler was one of most well-known sons of Loverboy. Katmandu sired the 2014 Oklahoma Buck Test Low FEC Grand Champion.

Short's Livestock

LAA GENERAL CUSTARD – Sired by GFI DOC HOLIDAY and out of GFI ROLLING MEADOWS 174. With the parasite resistance (Terminator) coming from his sire side and growth (Loverboy) from his dam side it is no surprise Custard is a complete package of a buck. He proved this in the 2016 Oklahoma Buck Test by siring the fastest growing buck in the test, and the buckling had a fecal count of 142!

Little Platte Farm

JAW GUSTO - Gusto is a wide chested, solid framed buck, strongly influenced by some of the truly great early foundation bucks like BTH BETULA HILL MONEYMAKER, SPK SUNBOY WACO 139 (Lightin'), GOATEX GENERATOR, GGL GOATEX GOLIATH and others. He has proven to be a terrific doe maker here at Little Platte Farm, passing on strong maternal qualities, excellent udder structure and high parasite resistance. He is also A/B (high/high) for Alpha s1 Casein (a milk protein believed to assist in higher growth rates of nursing kids).

Red Ranch Goats

WEB 8'S MOONSHINE – Sired by LEN 8 and out of MJI LUNA. LEN 8 was a loudly dappled linebred WAYSU GOLIATH KEEPER buck. Len 8 has produced several notable progenies such as JDR ROMEO and CVK RYBACK. MJI LUNA is a very well-built doe that goes back to Hammer and Titan several times. Moonshine was the 2017 co-reserve Low FEC Champion at the Oklahoma Buck Test.

Hoosier Hills Meat Goats

WEB BLUE'S DOMINATOR – Is sired by Blue's Son out of a daughter of CGI Shogun. He was the winner of the very difficult 2016 MD Buck Test. His daughters produced several high performing bucks, these include the #2, #8, and #18 ranked bucks in the ribeye area in the 2020 WVU Test. These bucklings also showed consistent and above average performance overall.

Short's Livestock

SLS Titan's Legacy- is the newest addition to our buck pen. In his second season we are seeing that he passes his muscling and bulk to his kids. He is sired by SLS Titan, who is out of our first Kiko buck we owned, JCP Triple G. Triple G was in our early years of establishing our herd and was never tested at an official buck test, but his parasite resistance was definitely passed along to "Legacy", and his offspring. The bottom side of this pedigree is well covered by GHK Iron Horse genetics. We are definitely looking forward to his future here at the farm.

Hidden Springs Farm

MJI THUNDERBOLT - Thunderbolt is a large framed 100% New Zealand buck from the GOLDMINE lineage who placed a respectable 7th place in ADG at the 2016 Maryland buck test. He consistently sires sizeable kids who grow quickly and top our index ratings each year. Hidden Springs Farm has retained numerous does produced by Thunderbolt, and they exhibit straight top lines, plenty of depth, and tight uniform udders. Does he has sired have also tested A/B in Alpha-s1 Casein.

Hidden Springs Farm

TTP REZ'S JOLT – Jolt is a powerful young New Zealand buck who is the product of MRG TERMINATORS REZ (2015 WV buck test contender) over LBG JOULES 604 (GOLDEN BOY/GOLDMINE'S HERITAGE decent), two very well-respected breeding Kikos. Jolt is very much a "hands off" buck, keeping good body condition on forage only without deworming. Jolt produces nice thick kids who grow out well and have color to boot.

Thank you NKR and AKGA for being sponsors of the sale. We appreciate everyone who supported the sale. Thank you to all the consignors for all your hard work to make the sale run smoothly.

Terms & Conditions Sale
May be revised at any time without notice

Sale Conducted by Auctioneer: Should any dispute arise from the taking of bids, the auctioneer's decision will be final. The catalog is believed to be accurate as of the date of printing. Announcements from the ring will take precedence over the printed material.

Forms of Payment: Cash & Checks. Online bidders must pay via credit card.

Certificates of Registry: Buyers will receive a copy of the registration certificate when settlement is made. The original Certificate of Registration and transfer form will be mailed to the applicable registrar within 45 days. If the consignor has dual registered stock, then both sets of papers will be transferred to the buyer.

Rights and Obligations: The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of the animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Accidents: Although every precaution will be taken to protect the safety and comfort of Buyers, neither the sale producers or auctioneer assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

Guarantees: All guarantees of animals are between the individual producer and seller.

Transportation: It is the responsibility of the buyer to secure transportation of the goats. The cost of transportation is the responsibility of the buyer.

Load Out: No animal will be removed from the barn without verification from the office. Verification forms will be provided once settlement is complete. All animals must be picked up at the barn by 4p.m. sale day. Health certificates received at check in are no longer valid for intrastate transport after the sale. Any necessary permits for travel are the responsibility of the buyer.

NO GOATS WILL BE LOADED UNTIL THE SALE IS COMPLETED

The National Kiko Registry would like
to welcome you to the
