MOUNTAIN PREMIER INVITATIONAL

**1 PM Saturday, May 22nd, 2021
Pre-viewing**

Auctioneer

**WVU Jacksons Mill
160 Jackson mill Rd
Jane Lew, WV
[Map](#)**

A Premier Kiko Goat sale offering goats and frozen genetics from well established farms producing desirable Kiko Goats. The event has had numerous excellent goats consigned over its short history and some have gone on to produce high performing Kiko Goats. This includes a doe from PJM Goats which produced the winner of the 2020 WV buck Test from her first kidding for Kendall Barnes.

Meet Your Consignors

PJM Goats Consignor PJM

Focused on producing high performing Kiko Goats by using On Farm and Central Performance Testing to help select breeding stock, PJM Goats has been producing Test and sale Topping Kikos which help others achieve their goals in their breeding programs.

DENDAR FARM Consignor DDH

Darla and I started our kiko farm in 2009 changing from boers to kikos.. Our first kiko buck was purchased from Dave and Linda Sparks and we continue to move forward .Dendar Farm tests their goats on the farm and at the annual buck tests. DenDar farm placed well in the 2016 Oklahoma test taking Reserve Grand Champion herdsman with 3 bucks finishing in top ten and four in top 15. We are now breeding around 100 kiko does. Farming is a generational tradition with Our son Austin and his children Braxton , Hollie and Eli starting their herd and our son Huston his wife and son Nash who live in Ohio starting their herd. We are a blessed kiko family.

Hoosier Hills Kikos Consignor PBG

Hoosier Hills Kikos focuses on raising high quality Kiko seedstock that will perform well in the field and produce high grading kids for the meat market. We started our Kiko herd in 2010 with performance bred does from Craig Adams and Wes Pinneo, and have utilized the KSU Goat Herd Improvement Program, participation in Central Performance Tests and intensive on-farm evaluation to help build and continually improve our doe herd. Our goal is..."To put the highest quality Kiko goats to work for our customers, while contributing to the improvement, expansion and long-term viability of this exceptional meat goat breed".

M. R. Goats Consignor MRG

Co-host of the MPI. Mike & Lorie Renick have been raising Kiko Goats in West Virginia since 2005. They have built their herd with a focus on Parasite Resistance, Maternal Instincts and Average Daily Gain. They have tested over 80 individual goats in Independent University Performance tests throughout the country. They have produced high selling goats at various sales and several top 5 and top 10 bucks on tests.

Tennessee Kiko Farm Consignor TKI

Brett and Donna Knight operate Tennessee Kiko Farm which is located in middle Tennessee just outside of Cookeville Tennessee. They enjoy breeding and raising 100% NZ Kiko's and using AI and IVF to help diversify their herd genetics.

Triple M Kiko Goats Consignor TMK

Triple M Kiko Goats is located in Cicero, IN where Ron & Christian McGill raise New Zealand Kiko goats with a focus on quality genetics.

Reference Genetics

MRG THRILLER

has produced the parasite test winning and #3 ADG buck on the 2016 OK Buck Test. He has also produced multiple high selling goats at various auctions. He is also on the cover of the 2021 May Goat Rancher Magazine.

MRG GT

is an 11 year old son of GFI HEMI out of a KEEPER daughter making him a grandson of Terminator's XX and KEEPER. MRG GT produces easy fleshing flash growing kids including a top #10 buck on the WVU Buck Test.

TNT CHEDDAR BOB Y202

TNT Cheddar Bob produced the 3rd place ADG?36th overall buck in the 2020 WV Buck Test and had another son place 13th ADG and 23rd overall at the same test. In my opinion one of the most balanced front to back Kiko bucks have ever seen.

TMK TERM'S 2015

TMK Term's 2015 produced a son that placed 8th in the 2020 West Virginia buck test .Has been a great producer for us. On maternal side RIB Chris Manna produced a buck that placed 6th in the 2016 Ok Buck test and another placed third ADG at the 2019 Langston buck test. Vaccinated for CDT, pneumonia and CL.

MVH HOGAN'S HERO

MVH Hogan's Hero, we purchased from Michael Hogan. Hogan ranch is known for producing good maternals and tough hands-off goats. Kids produced so far have not disappointed.

BWP/TNT CRUZE

BWP/TNT Cruze is a proven buck known performance producer. Cruze a son of Mr Speckles was Reserve Grand Champion at Ok Buck test in 2011. Cruze also produced DDH Cruze N Second.. This buck finished Reserve Grand Champion at the 2016 Oklahoma Buck Test.

GFI HEMI

was easy fleshing and had a very deep build like his sire TERMINATOR'S XX. His sons and daughters grew very well at the farm on forage only.

In 2017 HEMI sired the #5 overall buck at the WV Buck test and the #4 overall junior buck at the PA Buck Test independently proving his offspring to be very efficient and fast gaining.

At the Maryland Buck test he sired the

2009: (#3 Famacha / #6 & #10 Fecal)

2010: (#5 Fecal / #8 & #13 Famacha)

2011: (#6 & #10 Fecal / #14, #20, and #21 Famacha)

MRG HEMI'S XX

is a linebred Terminator's XX buck with Hercules, Tasman Zorro, Loverboy, MoneyMaker, Generator, Nick, James Bond and line-bred Keeper. He has a deep body and the straightest top-line I've seen on a buck.

MRG HEMI's XX was the High Producing Buck at the 2016 B & D Genetics Customer Achievement Award. He produced the most straws of semen in one day by any buck of any breed. All straws had excellent post-thaw motility and super concentration.

In 2018 he sired the #14 overall buck out of 123 participants who finished the test.

SKY HIGH KISS MY SPOT

is a son of SUNBOY 117 AKA "LOVER BOY" and Tasman Temptress (also the dam of Sports Kat). He is 25% ARA ARAROA ARISTOCRAT.

He produced top 5 in the WVU Buck Test in 2014 & 2015 and produced the largest Loin Eye Area on a buck in 2014. His daughters are an integral part of the MRG herd.

WEB BLUE'S DOMINATOR

WEB Blue's Dominator is a son of Blue's son out of a daughter of CGI Shogun. Dominator is the winner of the 2016 Western Maryland Buck Test. He produces hardy, fast growing offspring and he is the sire of the #11 buck overall from the 2020 WVU Buck Test. His daughters have produced several high performing bucklings, including the #2, #8 and #17 ranked bucks in ribeye area from the 2020 WVU test

A presentation by Dr Robert Stenger on Saturday morning at 10AM. Dr. Stenger will be sharing his experience and detailing some pitfalls and misconceptions associated with raising goats. Criteria for purchasing breeding stock, selective breeding and herd management will be discussed. Please join us.

<p>This three year old doe has kidded both as a two year old and again as a three year old and has produced triplets each time. She birthed unassisted both times and is an attentive mother. A daughter of the hugely successfully tested sire, SKY Blue's Copyright. Sons and grandsons of Copyright dominated performance tests during his productive years with their high size and growth rates. Copyright sons produced and still hold numerous spots in the top ten gaining Kiko test bucks on record with their ADGs. Out of an RAK Austin's Boy doe. This makes this doe's dam half sisters to the dams of TBR Resistol, TBR Uno and TBR Charolais.</p>

<p>A two year old NZ doe who kidded a nice set of twins earlier this year. Sired by SAN Sonny's Tasman Tricks - A son of HKF Sonny Boy (and thus half brother to MRG Outlaw) and out of GAL Aerial. GAL Aerial combines the genetics of Blue's Son and Tasman Aristocrat. This doe is out of a CPK Rooster Coghurn doe - who was herself out of a GIN V22 doe. Rooster was an impressive son of Golden Boy who was used heavily by Shane Hesterman and ended his breeding career at PJM Goats. This doe was intended for the 2020 MPI Sale but has contributed her genetics to our 2021 kid crop. Dried off completely after weaning with a high and tight udder. AKGA Registered. NKR Eligible. CL/CAE/Johne's negative</p>					

Lot # 19	Sex: Purebred Doe	D.O.B. 1/9/2020	Consignor: DENNIS / DARLA HIGGINS	Bidder: \$
----------	-------------------	-----------------	--------------------------------------	------------

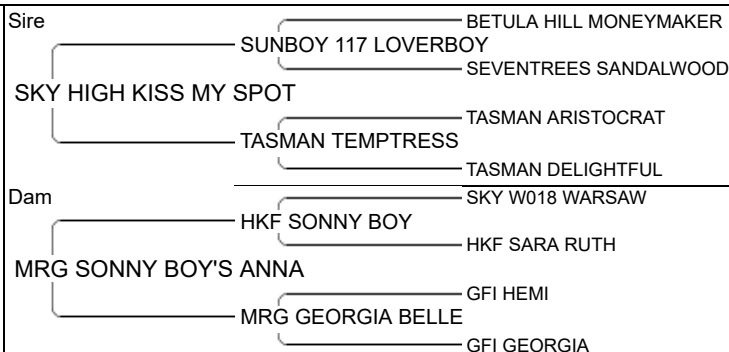

DDH KITTY TASHA

Purebred Yearling. TNT CHEDDAR BOB . Produced 3rd place adg/ 36th overall buck in the 2020 West Virginia buck test Another son placed 13th ADG and 23rd overall at the same test. In my opinion he is one of the most balanced front to back kiko bucks I have ever seen and passes that on to his progeny. Great maternal line , We have kept and sold many of her offspring. My wife's favorite doe line. Vaccinated for CDT, Pneumonia and CL

Lot # 20	Sex: Doe	D.O.B. 2020-03-14	Consignor: MRG	Bidder: \$
----------	----------	-------------------	----------------	------------

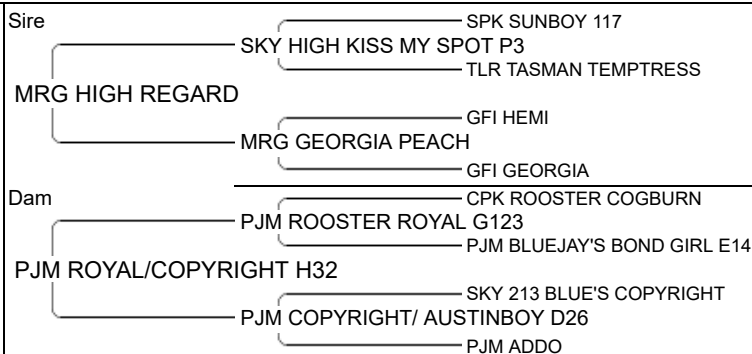

MRG ANNA

100% New Zealand Kiko doe - Sired by our 12 year old Loverboy son and out of our Sonny Boy/ MRG Georgia Belle daughter. This gold colored doe should be as good as gold in your herd. NKR Registered. AKGA eligible. Tested negative for CL\CAE\Johnes.

Lot # 21	Sex: New Zealand Buck	D.O.B. 2020-01-06	Consignor: PJM	Bidder: \$
----------	-----------------------	-------------------	----------------	------------

PJM HIGH TENSILE

This buck is sired by the tested buck - MRG High Regard. He performed extremely well in the WV Test. MRG High Regard was second heaviest buck off the test, fourth highest Rib eye area, second largest scrotal circumference and had an ADG of .52 pounds per day. AKGA Registered. NKR Eligible. CL\CAE\Johnes Negative

Lot # 22	Sex: Nz Semen Straw X2	D.O.B. 1997-03-29	Consignor: PJM	Bidder:	\$

<div><div>SKY 213 BLUE'S COPYRIGHT</div><div></div></div>		<div><div>Sire</div><div><div><div>ELH BLUE'S SON</div><div><div>ELH BLUE BOY 1L</div><div>SPK SUNBOY STANTON 149</div></div><div><div>ELH 7L</div><div>SPK SUNKIST MOLLY 142</div></div></div><div><div>Dam</div><div><div>MGR LIGHTIN'S LADY T06</div><div><div>SPK SUNBOY STANTON 149</div><div>SPK SUNKIST 108</div></div><div><div>SPK SUNBOY WACO 139</div><div>GOATEX GENERATOR</div></div><div><div>VIC VICTORIA FARM PUDDIN'</div><div>AAS PHARLAP 9</div></div></div></div></div></div>			
<div>SKY Blue's Copyright is one of the most succesful sires of tested progeny in the Kiko breed. His sons and grandsons make up the majority of the top ten gaining performance test bucks on record. His son PJM Copyright Winner WV14 still hold the record for the highest ADG at a performance test. Copyright was sired by ELH Blue's Son and was out of a sister of Lightnin's Titan. Titan was a record breaker in his day and was beaten by his son Titan's Hammer - that record was repeatedly broken by sons of Copyright and some grandsons. Combining Blue's Son with Sunboy Waco and Loverboy genetics, Copyright had performance stacked high in his pedigree. This will be the first occasion on which straws of Copyright will be offered for sale. Located in Greencastle, PA. Can be shipped to any location.</div>

----------	-------------------------	-------------------	----------------	---------	----

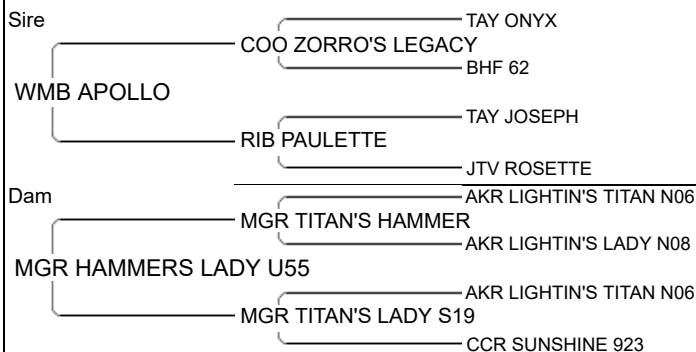

GIN V22 (PREMIER DALE)

Semen Straws x 2 - GIN V22 is a son of BBM Dale - who was sired by Southwest Cisco (a half brother to ECR Rusty). BBM Dale progeny were tested by Sky Shivers and proved to be very hardy goats. BBM Dale does have been produced by Tim Plaster in recent years and are producing very well for him. Premier Dale was a buck with the independent temperament and constitution of the Southwest Cisco line. Premier Dale's dam side is doubled down on Araroa Aristocrat/Tasman Aristocrat - which were considered very good does. His daughters produced very good goats with several producing good test bucks. Located in Greencastle, PA. Can be shipped to any location.

Lot # 29	Sex: Nz Semen Straws X2	D.O.B. 2011-03-24	Consignor: PJM	Bidder:	\$

<p>A two year old NZ doe who kidded a nice set of twins earlier this year. Sired by SAN Sonny's Tasman Tricks - A son of HKF Sonny Boy (and thus half brother to MRG Outlaw) and out of GAL Aerial. GAL Aerial combines the genetics of Blue's Son and Tasman Aristocrat. This doe is out of a PJM Copyrights Bluejay doe and out of a BHF S77 doe. Bluejay sired many high ADG bucks in both the Maryland and West Virginia performance tests - including a winner of the WV test. This doe was intended for the 2020 MPI Sale but has contributed her genetics to our 2021 kid crop. Dried off completely after weaning with a high and tight udder. AKGA Registered - NKR eligible. CL/CAE/Johnes Negative</p>
