Sale

Decemeber 4th 2021
Cal Poly Equine Pavilion
4pm preview, 5pm sale

We would like to dedicate this sale to someone who has been instrumental in the success of the Dairy Science program here at Cal Poly, Dr. Leanne Berning. Dr. Berning has worked for the Cal Poly Dairy Science program for 31 years and has been a crucial advisor in ensuring that Dairy Science classes encourage students of all majors to practice “Learn by Doing”. Dr. Berning is a professor that cares deeply about all her students, ensuring success both in the classroom and out in industry settings. She sets the standard for how to teach dairy, encouraging, educating, and pushing student to perform at their best. Generations of Dairy Science program students know just how impactful Dr. Berning’s classes are. Dairymen and women alike have learned from Dr. Berning and use information taught in her classes to be succesful in industry to this day. The legacy Dr. Berning has created will always be part of the Cal Poly Dairy Science program and as sad as we are to see her retire, the culture she has been able to create will last for a lifetime.

Love for the dairy industry is what Hannah Mancebo has had her entire life. “I grew up raising and showing dairy cattle, as well as Boer and dairy goats on our small family farm. Very early on, I found my true passion to be dairy cattle and since then my has heart belonged to the dairy industry. The people involved in animal agriculture, but specifically the dairy industry, have always been people that I wanted to be around and eventually become more like. I am honored to get to spend every day working alongside amazing individuals who share the same passion as me at the Cal Poly Dairy, striving to make it the best student run dairy in the world. Teaching and advocating for our industry is something that I love to do, and am glad that I have the opportunity to do it on an everyday basis with students at Cal Poly, and especially with our Showcase Sale class. I wish to be able to look back on my time here at the Cal Poly Dairy and know that I was able to contribute to the success of our program. I hope that my contribution to the dairy industry is not only one from a technical aspect, but also as a mentor to people who are interested in this field; I want to be what my industry role models were for me.”

An environment of self improvement is what the Cal Poly Dairy has provided Deanna Payan. “When I began at Cal Poly I had no animal experience, but within 2 quarters I was hired at the Dairy unit. After expressing interest in animal agriculture and working as a volunteer for the dairy I was able to join the family in a full time position. I have spent time at the dairy milking, working with calves, and I have been part of agriculture housing for 2 years now. Through my job and the amazing people at the dairy I was able to learn skills that allowed me to thrive in industry. After almost 2 years of work I now hold the Calf Manager position and am a Co-chair for the second annual Cal Poly Showcase sale. I would like to thank everyone who has allowed me to hold roles in their operation, and I would especially like to thank Mr. Craig Russell for continually allowing me opportunities to improve myself and always having faith in me. I would also like to thank all my friends who have turned to family and selflessly continue to offer assistance at any hour of the day, standing by me and believing in me always.”

Passion for agriculture is what started Jessi-Ryah’s journey in her local FFA chapter as well as her interest in the dairy industry. “As an eager Freshman at Cal Poly, I joined the dairy unit having no previous dairy experience. I get to start my days working alongside our Operations Manager, Craig Russell, working on the business aspect of it all. I also get to venture outside of the office from time to time as a Milker and enjoy working with our herd and learning from all the industry professionals who visit our office. I believe that the future of Cal Poly dairy is bright, and I have faith that those who come after us will continue to uphold the traditions and values we hold dear to our heart. At Cal Poly Dairy, we do more than just raise cows, we build a legacy so that future agriculturalists can make their impact on the world.”

Learn by doing has a very special place in our hearts, as it does in yours. We come from different backgrounds, but have the same common goal of hosting an event that showcases our program, students, faculty, and future. We would especially like to thank everyone for the continuous time, support, generosity, and endless assistance with putting on this event. To all of our sponsors, alumni, industry consultants, professors, family, and friends, we cannot adequately express how much we appreciate each of you. Thank you to all of our students for the countless number of hours you’ve put into making our dream a reality. The Cal Poly Dairy program is truly unique and special to all of us. We have grown fond of all of our friends, professors, and alumni. Our program isn’t just a school or an education; it’s a family.

Sincerely

Hannah, Deanna, and Jessi-Ryah

Online Bidding

LIVE INTERNET BIDDING AT www.cowbuyer.com

Pre-Registration &
Pre-Approval Required
Aaron Ray Thompkins
336.363.4639

The online sale will be open December
4th for online bidding at CowBuyer.com.
During the live sale on December 4th at
5PM users will get a final chance to bid on
the animals.

- View/bid online in Real Time
- Registration is required. Please register at least one (1) hour prior to sale time at www.cowbuyerlive.com
- High Speed Internet is required. Slower speed will not permit you to bid and keep pace in real time.
- Terms: Purchasing online constitutes a legal contract and promise for payment of purchases. All purchases must be paid within five (5) days of sale date and prior to load out or delivery of cattle purchased.
- Cowbuyer.com is a service provider and is not responsible for the activity or inactivity of any technology, internet connection at the sale site or connection and technology of the bidders.
- For questions or information, contact:

Sale Terms & Conditions

Payment in full on sale day by cash or good check unless prior written arrangements have been made with the seller and/or sale management. For buyers not in attendance, full payment for purchases is due to Cal Poly Dairy within 5 business days of the sale. No exceptions. Any special terms MUST have prior approval by seller or sale management. Partners reserve the right to bid on all partnership consignments.

Embryo Packages

Embryos sold on a per embryo basis times the number of embryos offered in the package. Every assistance will be given in helping to arrange delivery, but the final responsibility for shipping arrangements or pickup of the embryos including all expenses, is that of the buyer. Terms of embryo sales are cash.

Terms of Sale for ET Choices

Terms for unborn choices: 35% down payment on sale day with remaining 65% upon selection at no later than four months of age of youngest calf born in the group from which the selection is made. Seller is responsible for notifying buyer of birth of calves. Seller is responsible for all registry fees and any other applicable fees to obtain registry certificate. Seller is entitled to \$5.00 per day board after 2 months, based on age of youngest calf born in the group from which the selection is made. If buyer fails to make the selection and take possession within 60 days after the youngest calf is 4 months of age and if the seller has notified the buyer by certified mail of the impending default of the sale and after giving the buyer 10 days to respond to this certified letter, the sale will then be termed in default and the buyer will lose all rights as purchaser and will forfeit his down payment. Should for any reason a female not result from a respective flush, the following steps will be taken to fulfill the purchase agreement: A) Seller will offer choice of remaining ETs from the respective flush B) Seller will offer choice of another flush already implanted or choice of a future flush, mutually suitable to both buyer and seller. In the case of buyer getting choice of a future flush, no interest will be charged to the buyer, but payment schedules will remain the same. C) If no pregnancies can be made available to the buyer, as in the sale or death of the donor, or the donor's inability to produce embryos; the seller shall provide the buyer a good, healthy, acceptable calf from another cow of equal or greater value as determined by sale management. Sale management will negotiate and mediate on behalf of both buyer & seller in any dispute.

Thank you!

ASCI 290, Auction Enterprise

Learn by doing has always played a huge part of the Cal Poly Showcase sale.

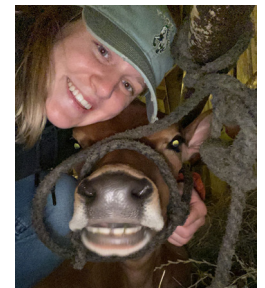

This sale began as a senior project and has always been used to allow students to grow their knowledge and gain real world experiences. Whether students come in with years of show experience or have never touched a cow before, we welcome them with open arms and strive to teach students new skills. Many of the students in our class have not been a part of dairy until now, they welcomed our advice and put time in, getting to know our animals, know why we do things, and growing their dairy knowledge. This class is what Cal Poly is about, pushing your knowledge and getting outside of your comfort zone.

Hannah, Deanna, and Jessi-Ryah want to thank the entire ASCI 290 class for their quarter of hard work. These 25 students spent countless early mornings and late nights getting our lots ready for the sale. They learned many show disciplines such as proper feed rations, show walks, how to prepare an animal for show, and many other things. We are so thankful to have dedicated students that exemplify what learn by doing is. We cannot begin to express how much all of your work meant to us. You are the reason this sale is happening today and we have complete faith that the future of the Cal Poly Showcase Sale is in good hands.

We would like to recognize students in the class who went above and beyond during the preparation of the sale. Thank you to Anna Mendez, Avery Orr, Corrinne Jones, Heather Dixon, and Sophia Hosmer-Hughes for going out of your way to be at the dairy when needed for extra tasks.

Class List

- Abbie Brown
- Anna Mendez
- Audrey Knight
- Audrey Kramer
- Avery Orr
- Brandon Borba
- Corrinne Jones
- Heather Dixon
- Jordy Ginsburg
- Joshua Roof
- Kelly Wales
- Lia Delucchi
