If you are unable to attend the sale, but wish to purchase please contact us. You can buy with our sight unseen guarantee. You can buy with confidence.

**LIVE STREAM VIDEO AUCTION:**

Enjoy the live stream video auction on Cowbuyer.com  
View/bid on Cowbuyer.com  
Real high speed internet service preferred.

**BREEDING GUARANTEE:**

These virgin bulls are semen tested and scrotal measurements taken. Plus the bulls will be BVD and Trichomoniosis tested. Simply put, your cows complete satisfaction and herd health is our goal.

**EPD'S:**

The breed average for Non Parent EPD distribution is: CE 5.7  
BW -0.3 WW 56.5 YW 102.5 MILK 22.3 TOTAL MATL 50.6  
SC 1.07 MCE 5.2 HCW 20.7 REA 0.70 FAT 0.009 MARB 0.11  
TSI 245.96. Additional EPD's for sale bulls can be provided.

**FOOD:**

Sale day, 1st thing coffee and donuts. Then lunch will be served.

**MOTEL:**

The host motel will be at the: Super 8 Motel in Carthage, MO  
417-359-9000. If you need assistance with a room, just let us know.

**LIABILITY:**

We are not responsible for any injury or accidents.

**SALE CATALOG DESIGN:**

Jocelyn Washam, Rural Route Creations

**WEB MASTER:**

Joan Thorne, TLC Website Designs

## Welcome to our 33rd Production Sale

This fall, we are offering a really strong set of bulls. Once again they have above breed average EPD's with plenty of performance.

Maybe just as important, our bulls are developed in hot fescue pastures for a sound and productive life. Our 18-month-old bulls will not fall apart when turned out.

At the end of the bull sale, we are selling a select group of purebred Charolais cows with baby heifer calves. This will be the first time we have offered front pasture kind of females for over five years.

We hope to see you ringside sale day. However, for those who cannot attend, we will be live on the internet. Just like our last several sales - [www.cowbuyer.com](http://www.cowbuyer.com) will broadcast our sale. Plus, we will be happy to take your bid over the phone.

Photos of key reference sires are scattered throughout the sale book. The weekend prior to the sale, videos of requested bulls will be posted on our website - [www.aschermanncharolais.com](http://www.aschermanncharolais.com)

When you find a bull you would like to have videoed, please call. Once again, the sale will be broadcast live.

If there is anything we can do to help with your next investment in making your cows and your banker happy, let us know.

*Larry & Peggy*

LIVE INTERNET VIEWING AND BIDDING AT

# CUSTOMER SERVICE

We believe that our after the sale warranty is one of the best in the industry. You have a problem, any problem with our bulls, we are there for you. We are not happy until you are happy.

Bulls we offer at our sale are “The Cream Of the Crop”. This is not a sale where the top bulls have been sold off and you get the left overs. We have a long and proven track record of satisfied customers. We have taken the gamble out of herd sire selection.

It's important to us that we sell bulls in everyone's price range. As you are aware herd bulls represent at least half of the genetic input of the calves you sell later. That percentage goes up if you decide to save replacement females. Stated in current market reports there can be a \$.30 per pound spread in the #1's vs. #2's and #3's of the same weight. No matter what the market is, you always get paid more for high quality calves. Now more than ever is the time to buy the best bull you can.

# TERMINAL SIRE INDEX

With the release of 2015 Fall EPDs, a new data point has been added - AICA Terminal Sire Index (TSI). The AICA Terminal Sire Index (TSI) is a formal method of combining Expected Progeny Differences (EPD) - BWT, WWT, YWT, REA, HCW, MARB and FAT - into one single value on which to base selection decisions. The TSI uses estimates of the genetic relationships between traits with an economic default value based on the three year rolling USDA database.

The TSI represents a dollar index per terminal progeny produced for a bull in the AICA database, ranking them for profit potential. This dollar index is to be interpreted much like a single trait EPD. For example, if Sire A's index is \$236.00 and Sire B's index is \$256.00, then we would expect Sire B's offspring to average \$20.00 more net return (\$256.00 minus \$236.00) than Sire A's offspring.

The majority of the females we are selling descend from one cow. She is one of the best the breed has to offer. Daughters are donors for elite programs. As an added bonus, three Gridmaker daughters out of a Lane Binna Charolais donor will also sell.

Exciting is our description for this young herd sire. This guy has it all - eye appeal, disposition and growth plus a pedigree second to none.

His mother is the only full sister to the legendary ACE-ORR LOCK N LOAD 243P.

His sire LT AFFINITY 6221 PLD is a calving ease specialist that excels for the marbling trait.

# OUR AKAUSHI STORY

*WE ARE OFFERING...*

## **THE NEW GENERATION OF OLD GENETICS**

In 2013, we took a chance and bought twenty straws of Akaushi semen to A.I. some of our Charolais heifers. To say I was a skeptic would be an understatement. Most promoters of any breed overstate all the great attributes their breed offers. For our experiment, we used the same selection criteria that we used when starting our Charolais program in 1993: eye appeal, disposition, fescue tolerant, and sound feet and legs. Akaushi checked all the boxes and then some, giving us more growth than expected.

Fast forward to early 2017. Combining our premium grading Charolais with front-end Akaushi sires from Heartbrand, we developed a herd of F1's. Using both A.I. and E.T. our experiment had exciting results. Our next step was to purchase foundation Akaushi females for embryo production. We only wanted genetics that were direct descendants of the original imports that also met our original selection criteria. This was a big challenge given the fact that the only fullblood imports were three bulls and eight cows about thirty years ago. After extensive research, we found what we wanted with the purchase of five fullblood females.

As 2022 rolls around, our excitement for this Japanese breed has increased. Over the past years, we have discovered Akaushi fertility is outstanding with embryo and semen production - way better than other breeds we have sampled. Based on our previous three auctions, we found there is more demand at the grass roots level in our area than we expected. Considering Akaushi is relatively new and most cattlemen have never heard of these genetics.

Lastly, but most important, is the taste and tenderness of the meat. It is unique and delicious. We fed the F1's that did not produce as breeding cattle just as a commercial feedlot would. The meat sold direct and each carcass was sampled by us. Surveys were taken and buyers without exception said they wanted more!

“The beginning is the most important part of any work” - Author Unknown
